

# DURO-LIGHT™ CURB MOUNT SKYLIGHT

**DESCRIPTION:**

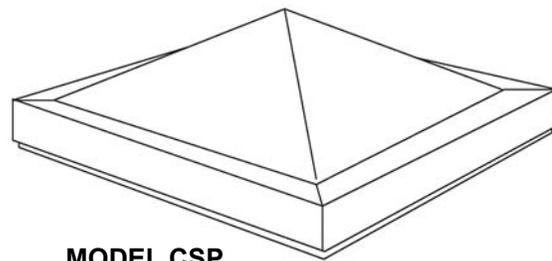

Duro-Light™ skylights offer outstanding lighting and thermal performance in a versatile range of dome or pyramid styles. These skylights offer the highest performance in a fixed-unit, plastic-glazed skylight.

**MODELS CS AND CSP:**

- For use on 1-1/2" thick site-built or prefabricated curbs.
- Fully assembled with corrosion-proof screws and high-performance weather seals.
- Integral condensation gutter and counter-flashing downward leg.
- Aluminum-extruded, heliarc-welded retainer frame.
- Glazing is available in thermoformed acrylic and polycarbonate single, double or triple domes.

**SAFETY CONSIDERATIONS**

- Although the skylights are designed to protect against accidental falls, they should never be walked upon under any circumstances. The owner or contractor should restrict access only to authorized personnel who have been adequately cautioned as to the location of the skylights.
- The use of skylight guards is strongly recommended.
