

Sirocco

Hot Air Welder

- Front wheels are adjustable from side to side to avoid sheet fasteners, walls and roof jacks.
- Front wheels are large and fixed (not casters) to stabilize and help the machine run straight.
- Drive wheel articulates to keep machine flat on uneven roof surfaces. It is also adjustable to keep the machine welding in a straight line.
- High volume, high pressure brushless welding torch delivers up to 540 litres of hot air per minute.
- Welds Edge Metal and can weld as close as 3 inches to the wall.
- Lighter than the Diablo at 65lbs.

ZT GUARANTEE:

Easy to own. Easy to operate. Easy to maintain.

Zonda Tools offers the most hassle free warranty in the Hot Air Roof Welding Equipment Business. We like to call it the ZT GUARANTEE. Our equipment is designed to be affordable to own and easy to maintain. We are a locally owned, California based company. We stand behind the operators on the roof, one weld at a time.

Zonda Tools is so Confident in the Quality and Performance of It's tools that we offer a two year warranty with these benefits:

1. WE WON'T PENALIZE OUR CUSTOMERS

We are the only Hot Air Roof Welding Equipment Manufacturer that won't penalize you if you need warranty replacement parts. The customer can replace warranty parts themselves without voiding the warranty. This includes all parts, electronic or mechanical.

2. IDENTIFY AND RESOLVE Here's how it works: simply call us with your machines serial number, tell us what the problem is and we will diagnose the problem over the phone and send you the necessary warranty parts to be replaced, free of charge. We will even pay the shipping charges.

3. SUPPORT Videos to help you: Go to www.zondatools.com to view our helpful repair/maintenance videos.

4. OUR "DIY WARRANTY" will save you valuable time, by you NOT having to send your equipment into the dealer to be repaired. No more waiting weeks to get your equipment back and no more huge repair bills.

5. LOWEST MAINTENANCE COST IN THE INDUSTRY Service and Repair:

If you do choose to send your equipment in to be repaired, please call us TOLL FREE at 855-465-4510, we will direct you to the nearest repair location nearest you.

6. OUR 2 YEAR WARRANTY covers all parts and labor; exclusive of heat elements, carbon belts, green dam belts and chain or chain bearings.
